## SUMMARY

I am an experienced Front-End and WordPress Developer with over 6 years of crafting responsive, user-friendly websites using HTML, CSS, JavaScript, and Angular, with a strong focus on performance and SEO. With 2+ years of expertise in WordPress development, I specialize in creating custom themes, plugins, and tailored solutions that meet client needs. My background in graphic design enhances my ability to deliver visually appealing, brand-aligned designs, ensuring engaging user experiences. Committed to innovation and problem-solving, I consistently deliver high-quality projects that exceed expectations.
